CURRRICULUM VITAE

SETH ADIBI ANKU

PROFESSIONAL SUMMARY

Dedicated and versatile IT and Software Development professional with experience in technical support, system administration, data management, frontend development, backend development, and troubleshooting. Skilled in building responsive and user-friendly web applications using HTML, CSS, JavaScript, TypeScript, and React.js, with backend development experience using Python, PHP, Django, and Flask.

Proficient in API integration, database management, Git version control, debugging, software configuration, and maintaining computer networks and IT systems. Experienced in installing and configuring hardware and software, resolving technical issues, and supporting users across different environments.

Strong understanding of modern web development practices, reusable component architecture, responsive design, application performance, and frontend-backend integration. Comfortable working with AI-assisted development tools and contributing across different areas of a project, including user interfaces, backend services, infrastructure, and development workflows.

Known for strong problem-solving, communication, teamwork, adaptability, and attention to detail. Passionate about learning new technologies, building scalable and efficient solutions, and contributing to innovative software and AI-driven products.

SKILLS

- **Programming & Web Development: JavaScript, TypeScript, React.js, Python, Flask, Django, HTML, CSS, API Integration**
- **Systems & Networking: Windows Administration, LAN/WAN Support, Network Setup, Cabling, Patch Panels, Hardware Troubleshooting**
- **Tools & Platforms: Git, GitHub, VS Code, Microsoft Office**
- **Database & Data Management: Data Entry, Database Management, Data Validation, Record Maintenance**
- **Microsoft Office: Excel, Word, PowerPoint**
- **Technical Support: System Troubleshooting, Software Installation, Hardware Maintenance, Basic IT Support**
- **Professional Skills: Fast and Accurate Typing, Problem-Solving, Teamwork, Communication, Attention to Detail**

WORK EXPERIENCE

National Service Personnel / IT Support, September 2024 – August 2025

Greater Accra Regional Hospital (Ridge), Accra

Duties

- Diagnosed and resolved the majority of hardware and software issues within tight timeframes, boosting overall system performance and productivity.
- Offered first-line IT assistance to hospital personnel, reducing downtime and supporting efficient daily operations.
- Managed and monitored user accounts, access rights, and system permissions in line with data protection and security policies.

IT Support Intern
Global International Academy, Accra — May 2023 to July 2023
Duties

- Provided technical support for computer, software, hardware, and network-related issues.
- Installed, configured, and maintained computers, printers, projectors, and other IT equipment.
- Assisted with Wi-Fi, LAN, cabling, and internet connectivity setup and troubleshooting.
- Diagnosed and resolved hardware and software problems to support smooth daily operations.
- Supported teachers and students with technical issues and basic system guidance.

Data Entry Executive
Docupro, Greater Accra — August 2025
Duties

- Entered and updated information accurately in computer systems, databases, and spreadsheets.
- Reviewed and verified data to identify errors, inconsistencies, and missing information before submission.
- Maintained and organized both digital and physical records for easy access and retrieval.
- Ensured data confidentiality, accuracy, and proper record management.

Data Annotator
AdwumaTech AI, Greater Accra — October 2025
Duties

- Annotated and labeled data accurately for AI and machine learning projects.
- Reviewed datasets to identify errors, inconsistencies, and missing information.
- Followed annotation guidelines to ensure high-quality and consistent data.
- Organized and maintained annotated datasets for easy access and review.
- Performed quality checks on completed annotations before submission.
- Collaborated with team members to clarify labeling requirements and improve data quality.

Frontend Developer
AdwumaTech AI, Greater Accra — April 2026
Duties

- Developed responsive and user-friendly web interfaces using React.js, JavaScript, TypeScript, HTML, and CSS.
- Built reusable frontend components and improved the overall structure of web applications.

- Integrated frontend interfaces with APIs and backend services.
- Debugged and resolved UI issues to improve performance and user experience.
- Used Git for version control, collaboration, and managing code changes.
- Worked closely with team members to implement new features and improve existing applications.

EDUCATIONAL BACKGROUND

1. **Master of Science (MSc) in Computer Science,** Ghana Communication Technology University, 2026
2. **Bachelor Of Science In Information Technology**, Ghana Communication Technology University, 2021 - 2024
3. **West Africa Senior High Certificate Examination** – Abutia Senior High Technical School, 2017 - 2020
4. **Basic Education Certificate Examination** – Global International Academy, 2017

LEADERSHIP

1. **Assistant Class Prefect — Abutia Senior High Technical School**
   Supported the class prefect in maintaining discipline, coordinating class activities, and ensuring effective communication between students and teachers.
2. **Assistant School Prefect — Global International Academy**
   Acted as a liaison between classes and over 300 students, facilitating smooth communication and teamwork. Organized and supervised study groups to improve student collaboration and academic performance.

PERSONAL DETAILS
